

*Welcome to the abode of  
character building!*

## ***Enthusiasm.....***

*"Enthusiasm is the electricity of life. You act enthusiastic until you make it a habit."*

*-Gordon Parks*

It is rightly said:

Nothing great was ever achieved without enthusiasm.

Enthusiasm is essentially one thing where knowledge stems from.

HYDERABAD INSTITUTE OF EXCELLENCE promotes the significance of enthusiasm.

Enthusiasm has the potential to take minds to places where they can never think of going. Moreover, as a society, it is our responsibility to enlighten ourselves and share the knowledge with the masses for the betterment and growth.

Co Curricular activities are integral part of HIE where the focus is on the overall growth and development of students.

The current education system is encouraging the focus on activities that can be carried out apart from the regular syllabus. Even the educational policymakers are taking prominent steps to make co-curricular activities a part of the course.

HIE helps the students to develop a creative mindset since this is the age when their minds can learn the most. Recreation and fun are essential parts of schooling. Indeed, all work and no play make Jack a dull boy. Therefore, conducting fun co-curricular activities will help students to find their creative calling, explore their talents and develop their hobbies. Recreational activities also act as a stress buster. It is a great way to relax them and raise the level of their concentration during study hours.

*"The energy of the mind is the essence of life."*

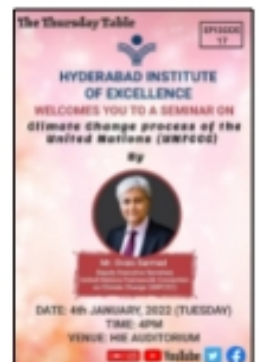

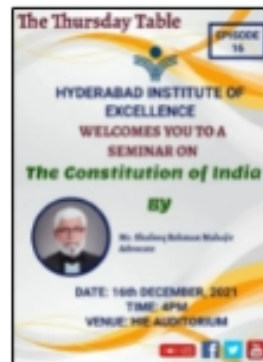

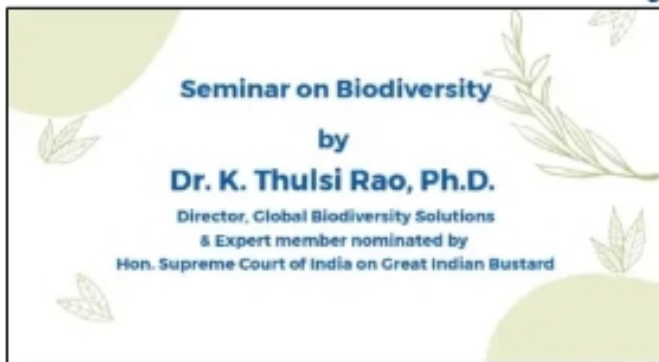

- Aristotle

## The Thursday Table Webinars

The Thursday Table is the series of webinars conducted by HIE where we bring eminent personalities who are stalwarts in their own field. This unique concept was introduced in the first trimester of the bulletin series. The series is continued in this trimester also.

## HIE AFTER BELL PROGRAMME

A structured after-school program was conducted in the month of October to give students a different learning experience. This enrichment programme had many enthusiastic participants in the age group of 6 to 12 years.

# Exuberance.....

*"Find exuberance in life; the mere sense of living is joy enough."*

**KHELO BACHCHO** - Emily Dickinson

Hyderabad Institute of Excellence helps the students to develop a creative mindset since this is the age when their minds can learn the most. 'Khelo Bachcho was a one-day camp conducted at the HIE campus for the enrichment of sports and games in the personalities of students.
